SUPERVISORS HOLD SPECIAL MEETING

A special meeting of the board of supervisors was held Monday, September 27th, at 10 a. m., there being present Jos. M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The purpose of the meeting was to consider a map of Burlinghome, a subdivision to Easton, in San Mateo county.

Attorney Lee T. Ross, representing the Panama Realty Company, presented the above map, together with a bond in the sum of $1000, the amount of said bond being fixed by the board, on motion of Casey, seconded by Brown.

The following resolution, ordering the acceptance of the map, was adopted, on motion of Casey, seconded by Brown.

"Whereas, the Panama Realty Co., has submitted to this board for its approval map entitled "'Map of the Burlinghome Subdivision, San Mateo Co., Cal.,'"

"Whereas, said map is in all respects executed as required by law and is properly attested, and

"Whereas, it appears by the certificates of the proper officers thereon that there are no liens for unpaid state, county, municipal or other taxes, except taxes not yet payable, against said tract or subdivision of land covered by said map, and

"Whereas, said Panama Realty Co., has filed with this board a bond in the penal sum of one thousand (1000) dollars, being the amount fixed by this board conditioned for the payment of all taxes which are at the time of filing said map a lien against said tract, or subdivision, or any part thereof, but not yet payable, which said bond has been and hereby is aproved, and

"Whereas, said map does not offer for dedication any highways, streets or lanes, or other part of property covered by said map, and all matters having been done required by law,

Therefore, be it resolved that said map entitled as aforesaid be, and the same is, approved. But no one of the avenues, drives, streets or lanes, or any parcel of land delineated upon said map be accepted as a public highway or for any public use, and each and all of them are rejected, and the clerk of this board is directed to endorse such rejection upon said map."

The board adjourned at 10:30 a. m., to meet in regular session, Monday, October 4th.

OVER 500 ELKS ATTEND BIG OYSTER BUST AT SAN MATEO

The annual oyster bust given by San Mateo Lodge, No. 1112, at Coyote Point, Sunday, was attended by over 500 Elks and their friends. Redwood City was well represented at the gathering, which proved one of the most enjoyable in the history of San Mateo Lodge.

The famous oyster feed was prepared under the direction of William H. Topeke. The oysters for the feed were grown in the beds in San Francisco bay, just off the San Mateo shore.

In the afternoon the guests enjoyed an unusually attractive and well arranged program, consisting of various vaudeville stunts, the talent being secured from the San Francisco theatres and the Exposition.

San Mateo Lodge proved itself a splendid host as it always does and everybody left Sunday evening feeling that he had had a royal good-time.

D. A. CURRY DOES A THIRTY SECOND WILLIARD ACT

David A. Curry, proprietor of Camp Curry, Yosemite Valley, and well-known in this city as a former head of the Sequoia High School, figured in a sensational fist fight in San Francisco last Saturday. The other party to the pugalistic affair was D. J. Desmond, head of the Desmond Park Service Company.

The fistic combat came as the climax to a long, bitter fight waged by Curry to prevent Desmond from gaining an exclusive concession covering all of Yosemite Valley.

The two men met Saturday in Desmond's private office and very shortly after things began to happen. When the smoke of battle cleared away, Curry emerged from the office with a badly bruised eye. He admitted that he had gotten the worst of the encounter.

BOY SCOUTS OPEN FALL PROGRAM WITH FIELD MEET

The local troop of Boy Scouts of America opened their fall program last Saturday afternoon with a field meet. Many of the old members were present and all had a fine time. The events were along the lines of Scout activity, among them being, a water boiling contest, "Scouts Pace," run and walk a mile in 12 minutes, runing races and jumping. Arnold Torres carried off first honors, with Vernon Kriess second and Fred Paulson third. Prizes were awarded to winners.

The boys are showing great enthusiasm in the work and an interesting program has been arranged for the fall season.

Any boys interested in this work should talk to the secretary, Kendall Towne or Scoutmaster W. H. Doxee.

Before buying your shoes elsewhere, call and inspect the fine line of shoes at Marcus' shoe store.

BIG INCREASE IN BUSINESS OF PENINSULA DOCK & Wh. Co.

The people of this city and surrounding country are beginning to more fully apreciate the rapid service and low water rates offered by the Peninsula Dock and Warehouse Company in the handling of freight between here and San Francisco. This is evident by the fact that the business of the company has increased 25 per cent during the past six months. The amount of freight handled during the month of September has been the largest in the history of the concern and it has been found necessary to add another big auto truck. Mr. Graves, the manager, purchased last week one of the very latest Pierce Arrow auto trucks, a show car on exhibition at the fair. Mr. Graves also bought for his own private use, a handsome Pierce Arrow coupee, the first of its kind sold on the Pacific Coast.

This week the company is shipping 6000 sacks of beans to Ratto Bros., the large commission merchants in San Francisco. The beans are raised on the coastside and are hauled here in auto trucks The Horstman Chemical Company of this city is now shipping by water and last week sent out two carloads of silica glass, the destination of which is Mexico.

The children arrived in New York several weeks ago and were taken care of by the Federal Immigration Board.

When Mr. and Mrs. Huss left their home in Luxenberg to come to America a year ago, they left their three children with the latters' grand parents. CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

NON-PARTISANSHIP

Francis Keesling, chairman of the Republican State Central Committee has issued the following statement to the republican voters of the state. It should be read by everyone regardless of party affiliations.

"At a special election there will be submitted to a vote of the people two bills passed at the recent session of the legislature, intended to extend the system of non-partisanship now prevailing in municipalities and counties in this state, to all state elective offices. It is claimed that it will only add a few non-political officials to the long list already elected under the non-partisan system, but those 'few' in contra-distinction to the 'long list already elected' by the non-partisan system, are state officials.

"Convinced of the importance of retaining the partisan plan I earnestly advise your cooperation to defeat the non-partisan plan.

"You must thoroughly appreciate and emphasize the fact that there is only one issue involved, namely, shall state officers be elected upon a partisan or upon a non-partisan system?

"Do not be confused by false issues. Befogging the real issue is frequently resorted to by the adroit advocate. You will be told that the opposition to this legislation is an old organization, Republican machine, plot and that only the old organization standpatters oppose the non-partisan system. This is not so because patriotic independent thinkers among the Republicans and Democrats as well oppose it. However, that is not an issue. When occasion demands unscrupulous party leaders will be 'kicked out' as has been done heretofore. You will be told that, as all the non-partisan bills have not been submitted, confusion will result. That confusion will be less injurious than the effect of the non-partisan system. That is not an issue. Let that not stand in your way.

"It is claimed for the non-partisan system that it will result in 'humane and enlightened administration and in efficient business management.' Experience does not sustain the probability of continous efficient service, much less improvement, by virtue of the non-partisan plan. The present non-partisan, direct primary system of election of judges, due to the necessary personal solicitation of votes has certainly not resulted in improving the character of applicants for judicial positions, but on the contrary has dissuaded many good men and it has been a disheartening handicap to those who have been conscientious enough to submit to the present day method of campaigning. It has also lessened the dignity of and respect for the bench.

"I believe that the proposed non-partisan system could be successful only under conditions similar to the old town meeting rally where the attendance of every citizen was probable. Naturally under such a condition the qualifications of each were known to the others. It is improbable that the average citizen of a state so extensive as California will be possessed of facts sufficient to qualify himself to judge the qualifications of a candidate for state office.

"Candidates should be selected by parties by some method more reasonable than the present one, but safeguarding the rights of electors. This would make the party a guantor of its candidate and fix responsibility. It would afford the people of the state a selection from at least two, and probably more party candidates.

Parties are dependent upon efficient administration for success and that insures on the average a better class of candidates from which a satisfactory choice may be made than will be afforded under the proposed system. The intelligent voter will not be confined within party lines if his party candidate is unsatisfactory, thereby disposing of the contention that parties inject false issues of federal questions into state elections.

"How would the person of ordinary means make a campaign under the proposed non-partisan system? It would require the support of wealthy friends, or others of influence, and the candidate would be, owing to his human instincts, more or less under obligation to those who contributed to his campaign, and it would be a fruitful field of activity for those seeking domination of government for ulterior purposes. What guarantee would there be, the public having relieved itself of such dominated officials, that the succeeding officials would not be the same? And there may be still another result—selections of candidates for the primaries by parties organized without safeguards of the character intended to be insured by recent legislation directed against boss control. The non-partisan system would annul every reform directed to correct that evil.

"The natural result would be that incumbents, by reason of their statewide acquaintance due to incumbency would have a tremendous advantage over the non-office holding candidate.

"It is impossible in limited space to offer all or a complete argument against the non-partisan system. The prevention of parties within states for the maintenance of the integrity of those parties nationally affords another weighty reason for opposing the non-partisan plan.

"Finally, with reference to the campaign, it will be necessary to conduct it without sufficient funds to carry on even a necessary educational campaign. County committees, therefore, are urged to cooperate with local state committeemen and organize effort to maintain party government. No doubt some assistance will be afforded by the joint committee having the referendum campaign in charge."

PROVING THE OBVIOUS

The various and sundry reports of the members of the Industrial Relations Commission, together with their exceptions, postscripts and adendums, promise to prove very clearly and positively that the sky is blue and the grass is green. This commission has spent many months in its investigations. It has hailed men of every rank and of every condition into its august presence for the purposes of its investigation. It has thrown capital at the heads of labor and labor at the heads of capital, and intensified a feeling of bitterness that was beginning to soften under the active influence of good and wise men and women who have long been working privately, but none the less earnestly, for the same end the commission was designed to reach. And it has accomplished nothing; nothing but the accumulation of a vast mass of evidence—much of it irrelevant—that, no doubt, the government, in the kindness of its heart, will publish at great expense, and which nobody will read.

The conflicting and opposing reports of the various groups into which the commission has broken tell us nothing that was not generally known before they began their inquires. That capital is often exacting, grasping and cruel; that labor is often tyranous, selfish and unreliable; are facts so well and long established that they do not admit of argument. That such is not the rule in either class is epually well known, but, unfortunately, not so universally admitted. The vast majority of employers and employees get along very well together and the tendency for a number of years has been towards a better understanding, a closer drawing together of their interests. It is the extremists that cause the trouble, and it is the extremists that influence the two elements, whose interests are really identical, to the hurt of each other. Admittedly, there is much that might be done, through legislation, for the amelioration of the conditions of labor, but the investigations of the Industrial Relations Commission are not likely to be of service in that direction. Certainly they have developed nothing new in the way of suggestion, nor have their varying findings served to influence an improvement of relations between the two elements of the industrial world.

About 95 acres of the Barron estate south of Mayfield has been subdivided and placed on the market. The cypress hedge in front has been cut down, thus making an improvement in what has been a dangerous curve in the state highway.

A movement is on foot among the Native Sons and daughters of this place to establish a Native Daughter parlor here. There is good material in this locality for the organization of a flourishing parlor. A movement was started some years ago to form an organization but it fell through before any thing tangible was done. It is believed that one will be organized now as there are several enthusiastic native daughters at the head of the movement.

News reached here this week of the death of Mrs. Bruce Saulter, wife of Doctor Saulter, a prominent dentist of Reno, Nevada. The deceased spent last summer with her sister, Mrs. C. W. Wardwell and was well known and liked here. She married the doctor about a year ago. The young lady met a shocking death. She was engaged in cleaning and pressing her dresses when the gasoline she was using blazed and set her clothing on fire. She was badly burned and only lived a few days after the accident.

The convent road is being rocked and macadamized by Frank Johnson, foreman of the third road district. He is doing good work on the thoroughfare. This is a short stretch of road which leads to the convent. For years the pupils who attend the school have had to wade in mud to get to the building. This matter was brought to the attention of our bighearted supervisor, John MacBain, who at once began the improvement of the street. The little ones will now be able to attend school in winter without travelling in mud.

BANK OF ITALY INCREASES PAID UP CAPITAL STOCK

Large Increase in Deposits Demands This Action

At a meeting of the board of directors of the Bank of Italy last week, it was resolved to issue the remaining 7500 shares of the authorized capital stock of the bank and to sell the same at the rate of $130. per share, thereby increasing the paid-up capital stock of the bank from $1,250,000 divided into 12,500 shares to $2,000,000 divided into 20,000 shares.

Desiring to afford the many customers and patrons of the bank the opportunity of participating in the investment furnished by the new issue, the directors ordered that 2500 shares be set apart exclusively for subscriptions by customers, not as yet stockholders of the bank, in small lots of from one to ten shares each, so that all desiring to become interested might be taken care of. Payment for the stock to be made on or before January 3rd, 1916. Subscriptions may be made at any of the offices of the bank in San Francisco, San Mateo. San Jose or Los Angeles.

The continued growth of the deposits of the bank demanded the above action, in order to meet the requirements of the Bank Act, which, in substance, provides that the aggregate paid-up capital and surplus must equal 10 per cent of its deposits.

At the meeting, there were also made the following promotions in connection with the official staff of the bank: L. Scatena, President, becoming chairman of the board. A. P. Giannini, Vice-president, becoming president. P. C. Hale, Director of the bank and President of Hale Bros., becoming First Vice-president of the bank.

Miss Elinor Tay Engaged

Judge and Mrs. Frederick W. Henshaw announce the engagement of their daughter, Miss Elinor Tay, and Jack Edwin Mighell. The news, which was told last evening, is causing a ripple of pleasurable excitement in a wide circle of friends on both sides of the bay. The bride-elect is one of the prettiest and most popular girls of the younger set and made her formal bow to society just a year ago. She is slender and graceful, and is of the vivacious brunette type, with lovely dark eyes and brown hair. She passes much of her time out of doors, especially when at the Henshaw place near Redwood and is an expert swimmer and as much at home in the saddle as in the ball room where she had always been voted one of society's most graceful dancers.

Ocean Shore Stock Assessed

Again has a $3 assessment been slapped onto the Ocean Shore stock, delinquent November 19th next, the public sale of stock to take place on January 5th, 1916. Within a few months assessment have been laid by the Ocean Shore as follows: $10, $5, $2.50 and now a second one of $3, each one reducing the number of stockholders.

TEACHERS' INSTITUTE VERY INSTRUCTIVE

Earnest Addresses by Roy W. Cloud and W. D. Crooks, First Supt. of Schools.

The Institute of this year proved both interesting and instructive. All the teachers were present and they looked as well as ever. There was no evidence of probability that any of them would soon be placed upon the pension roll. Superintendent Roy W. Cloud, in a few words, well received, called the Institute to order in the Royal Theatre of South San Francisco. A number of the trustees from the various districts of the county were present. It was the first time that teachers and trustees were convened together. W. J. Martin, the orator of the northend extended a welcome to the teachers. He was in a happy vein and made them all feel at home. Sedley C. Peck of San Mateo replied for the teachers. Superintendent John L. Dexter was down to speak for the teachers of Mariposa but through modesty did not appear. The conductors who addressed the Institute on Monday were: W. T. Walton of Halfmoon Bay, W. J. Cagney, superintendent of Oakland and Harr Wagner of Montara.

The unusual instruction was an object lesson to the teachers through a visit to the Western Meat Company's establishment and the Pottery works. At noon all the teachers sat down to an excellent lunch served in one of the Western Meat Company's buildings. This was the offering of the company and was composed of their popular products. The teachers did full justice to every course.

In the afternoon the added attraction was a short talk by W. D. Crooks, the first superintendent of San Mateo county. He told of the days of 1855-56, when our school affairs were in their infancy. There were 10 teachers then and $30 a month was considered not a bad salary. Some improvement has come about since those early days. Miss Harriet G. Eddy explained to the teachers the possible benefits to the schools of the county library which will begin its existance here about December first. The districts and the county may work together as far as the library is concerned.

The second day was spent at the Exposition, where the teachers assembled in the Educational Building at the California Theatre and listened to a criticism of the exhibits of the Fine Arts building by Professor Eugene Neuhaus of the State University, after which H. K. Bassett presented medals to Superintendents Roy W. Cloud and John L. Dexter for their respective counties. Mr. Bassett also endeared himself to the teachers by telling three charming stories in his delightful way. The afternoon was spent by the teachers wandering at will throughout the exhibits of the exposition. It was a most enjoyable time.

The last day, Wednesday was passed at South San Francisco. The principal conductors were Professor George C. Price of the Stanford University and D. T. Bateman, Superintendent of Santa Clara county. Those who favored the Institute with vocal solos were Misses Vera Emerson, Ann Maroney and Marion Daly and Prof. O. M. Carrington. Each solo was highly appreciated.

The Institute was closed by an earnest address by our popular Superintendent, Roy W. Cloud. He urged all the teachers to take steps to guard their children against accidents upon our new roads. He pleaded with all to work their very hardest to advance and improve those entrusted to their care. He advised that much attention be given to the inculcating of necessary knowledge and that great effort be made to lead children to know what they are doing so that they may think for themselves. Hearty applause was accorded him.

City Has Free Mail Delivery

Free mail delivery service was inaugurated in this city yesterday. It was quite an innovation to observe mail carriers on the streets delivering letters, but the march of improvement goes on, and Redwood City must keep pace with the times. Bright and early yesterday morning Herbert Brown and Herbert Wilder, the two recently appointed carriers, sallied forth with large sacks of mail strapped to their sides. Much difficulty was encountered for the reason that the residents have failed to make proper provisions for receiving the mail at their homes. Then, too, they have neglected to notify their correspondents of their street numbers. The mail carriers cannot deliver letters unless they are properly addressed. These matters, however, will adjust themselves, and Redwood City will soon have a first class mail delivery service.

San Mateo County Healthful

The August Bulletin of the State Board of Health with statistics for the month of June, 1915 reached us yesterday. For the first time in many months the deaths exceeded the births, but as the marriages exceeded the deaths a fair balance was maintained. To be specific there were 26 births, 31 deaths and 35 marriages in this county. Not one case of the so-called contagious diseases was reported from this county and only one death was the result of tuberculosis. One feature of the report of which mention might be made is that during the past year the percentage of deaths from whooping cough has been much greater than from measles.

Male Quartet at M. E. Church

Next Sunday morning the Sunday school is requested to remain for the 11 o'clock service. The pastor will give a five minute talk to the younger members at the beginning. In the evening the service begins at 7:30. The Palo Alto male quartet will sing. The subject of the evening sermon will be, "Where Ignorance is Not Bliss." Epworth League meets at 6:45. A cordial welcome is extended to all of our services.

COUNTY ROADS PRAISED BY SACRAMENTO "UNION"

San Mateo County Leads the State In Good Roads

The Sacramento Union, one of the most influential newspapers of the Sacramento Valley, in a leading editorial of its issue of September 14th, speaks glowingly of the good roads of the county. The article reflects credit upon the board of supervisors who initiated the work and County Surveyor James V. Neuman, the great road builder, who supervised the construction of the road system in the county. The Union says:

"San Mateo County is giving the state a lesson in road building that ought to be taken to heart.

"Some time ago that county voted road bonds for $1,250,000 With the funds thus raised work was begun and that work is now in progress.

"But the supervisors did not suspend their road improvements simply because the people had voted bonds for certain roads which with the state highway running through the county will be the nucleus for a great system of permanent roads.

"In the present tax levy they have included a liberal appropriation for the construction of roads to supplement the system which already is well under way.

"Under this method in a few years that county will have a complete road system.

"Under the direct tax plan alone, none of the present county supervisors could live long enough to see the roads of the county placed on a proper basis.

"By using the direct tax to build good roads connecting with the bond roads and the state highway, all the needs of the people will soon be met.

"This is the plan the Sacramento Good Roads association is urging for Sacramento county.

"During the past ten years, outside of the money produced by bond issues of the county and by the state highway bonds, an enormous amount of money has been spent by the taxpayers on roads.

Ninety-five per cent of this money has gone into unsystematic maintenance of roads which in the nature of things could not be made good.

"Out of more than 1600 miles of roads in this county, if we except the state highway lines and a few miles built under the bond plan, there are not fifty miles of roads in the county that are good summer and winter.

"If we persist in our present methods twenty years from now we will be sure in precisely the same position so far as our roads are concerned.

"Sacramento will do well to heed the example of San Mateo and combine the bond plan and the direct tax system. In no other way will we get good roads in this generation."

Married Men Win Again

Last Sunday the married men triumphed over the bachelors again, this time however in tennis. The loosers thereby purchased a new tennis net. The affair was a match play, the best three out of five matches to win the tournament. The benedicts got away with four matches to the single mens' one. Gordon Seely was the only single man to win a match. For the married men Doc. Cummings and Gene Curran featured while for the loosers Gordon Seely and Clement Shields played exceptionally well. The results of the matches were as follows:

H. H. Sears (married) defeated H. Mitchell (single.)

Roy Curran (married) defeated F. Griffin (single.)

Gene Curran (married) defeated B. Moody (single.)

Doc. Cummings (married) defeated C. Shields (single.)

Gordon Seely (single) defeated G. Kirk (married.)

Redwood Highlands Club Meeting

A musicale, a dance and a registration party, following a thirty minutes business session was the program at the meeting of the Redwood Highlands Improvement club held at the Woman's clubhouse last Tuesday night. The music furnished by the Hawaiian quartet proved very pleasing. County Clerk Jos. H. Nash registered twenty-two new residents of Redwood City during the course of the meeting. With the number who registered from the highlands at the court house during the week and the forty who registered at the last meeting of the improvement club, the number of new voters in the highlands totals seventy-five. This would indicate that the remarkable growth of the highlands had added 250 to the population of Redwood City in the last year.

Street Improvement in Highlands

Twenty-five thousand dollars is to be spent by the George H. Irving Company in improving the streets of Redwood Highlands. The contracts have been signed and work has been started. The work will be rushed to completion so as to assure the new residents of Redwood City every comfort during the winter months. Fifty men will be employed. The contracts call for the macadamizing of Brewster avenue from Fulton to Myrtle streets which will give a broad highway to the foothills. Sewers will be laid throughout the entire tract and the necessary curbing put in. Cement sidewalks will be laid off in every block in which there are homes. Every effort will be made to have the work completed before the rains set in.

ACTIVE SEASON IN LOCAL ODD FELLOWSHIP

Again Take Prizes in San Francisco Parade with Rebekahs

The 22nd of September will long be remembered by the Odd Fellows and Rebekah lodges of Redwood City as both of these organizations were fortunate enough to receive special honors and prizes awarded by the Grand Lodge committees for attendance and best appearance in parade in San Francisco.

Bay View Lodge was given a prize of $50 and Olive Branch Lodge was awarded three prizes amounting to $187. Sixty-five members of Bay View lodge turned out and thirty-five members of Olive Branch Lodge appeared in open barouches, and a tally-ho which was beautifully decorated with Elkhorn moss, carnations and the banners and pennants of the lodge. This is the second time that our local lodges have carried off the prizes, for in 1904 each lodge received a cash prize of $75.

Too much credit cannot be given E. B. Fox for his untiring efforts on behalf of the two lodges, his encouragement to the members in their struggle to secure recognition and prizes in the line of the parade in San Francisco, aided very materially in their success. Mr. Fox is an enthusiastic Odd Fellow and the work he has done in past years for this jurisdiction is well recognized by the Grand Lodge.

ADDITIONAL LOCALS

The Fraternal Aid Society is preparing to give a select invitational dance to take place on October 23rd.
